

## Day#5 Hands-on experience

Q: How do I deploy Docker containers with Kubernetes via Travis CI to AWS or other type of hosting platform?

A: Practice what's learned again in order to consolidate the topic as much as possible.

Any topic, e.g. "Docker"

ITIL v4 terminology

A problem that has been analyzed and has not been resolved.

A cause, or potential cause, of one or more incidents.

An unplanned interruption to a service, or reduction in the quality of service.
